

Support Services Goals/Priority Objectives

The Board looks upon the support services operations of the school system as essential—yet ancillary and auxiliary—to the central function of the district, which is education. The Board serves as trustee of school facilities and overseer of school business operations for the purpose of providing the facilities and services that will support a good educational program.

The Board expects the operation and maintenance of the school plant, equipment and services to set high standards of safety, to promote the health of students and staff, to reflect the aspirations of the community and to support environmentally the efforts of the staff to provide good instruction.
