

Entrance Age Requirements

A child may enter kindergarten if he or she is five years old on or before July 1 of the year of enrollment. Younger students who do not meet the district's entrance age requirement for kindergarten but who are five years old on or before October 1 may be accepted if transferring from another kindergarten program if the superintendent or designee determines that placement of the student in kindergarten is appropriate.

Students enrolling in the first grade may enter if they are six years old on or before July 1 of the year of enrollment. A student who is at least five years old on or before October 1 may be permitted to enroll in first grade if the student attended at least 120 days of kindergarten in another state.

A legal birth certificate or other acceptable records shall be required for enrollment age certification.
