

Admission of Non-immigrant Foreign Students

The district recognizes the educational and cultural value of international exchange programs and foreign exchange students and authorizes the admission of a limited number of non-immigrant foreign exchange students to the regular educational programs offered in the district's schools. To protect the interests of the district, its schools and students, only foreign exchange students from approved exchange programs and students privately sponsored by district residents shall be admitted.

Approved exchange programs are those designated by the United States Information Agency. Foreign exchange students admitted as part of an approved program are considered wards of the families with whom they reside.

Privately sponsored foreign exchange students may be enrolled if an adult resident of the district has been given temporary guardianship and the student lives in the home of that guardian and if the student meets all legal requirements for a student visa.

This policy and the accompanying regulation apply to non-immigrant foreign students who temporarily reside within the district's boundaries without their parents/legal guardians for the purpose of attending school. These students are those who qualify for a J-1 visa or an F-1 visa under the regulations of the United States Department of Justice, Immigration and Naturalization. This policy and accompanying regulation do not apply to resident aliens, political exiles, or students from other countries residing within the district's boundaries with their parents/legal guardians. Students in the United States on a visitor visa are not entitled to enroll in the schools of this district.

Foreign students on an F-1 visa shall only attend secondary schools within the district and are required by law to pay the district for the full, unsubsidized per capita cost to the district for providing education to the student for the period of his or her attendance. The period of attendance may not exceed 12 months.

Foreign students on a J-1 visa are not required by law to pay tuition.
