

Supervision of Students

A teacher shall be responsible for controlling all students that fall within his or her assigned supervision, as well as all students physically in his or her presence:

1. During all contact hours that the teacher is on district property
2. During all times that the teacher is performing services on behalf of the school district
3. During all times that the teacher is performing such services at school-sponsored activities off district property.

Adopted: November 9, 1993

Revised: November 9, 2010

Swink School District #33, Swink, Colorado
